Dear Seniors and Senior Families,

We are excited to share the news that our campus-wide Senior Celebrations Committee is hard at work planning a multitude of year-end activities leading to commencement on Saturday, June 12.

Each year, these ceremonies and celebrations perpetuate our values and signify our community's commitment to its mission. We are optimistic that the public health situation will improve enough by late spring and early summer to allow us to host a series of in-person events. And, for each of these, we will include virtual components for students and families who cannot be with us on campus.

Our Senior Celebrations Committee includes Taylor Stockdale, Theresa Smith, Hector Martinez, Jennifer Liu, Sarah Lantz, Rick Duque, Ken Rosenfeld, Michael Hoe, Sonsoles Cardalliauguet and Stephen Caddy. The Committee has also received input from a number of senior parents and students and will continue to seek broader feedback as our planning moves forward.

Later this spring, as we manage our way towards a gradual return to campus, we will continue to consult our local public health agencies and the Medical Advisory Board to plan these activities with safety as a top priority. We believe these ceremonies and events remain vital to school life and crucially important as they both celebrate our seniors and the year-end transitions all Webb students enjoy. We will communicate our specific plans for each event as they present on the calendar, and share final plans for our commencement in late-March. In the meantime, we would like to share our list of anticipated events and dates.
