

January 4, 2020

Dear Webb Families,

We hope you had a restful and healthy holiday break. Happy New Year! As we look forward to 2021, we are hopeful and yet cautious. The distribution of COVID-19 vaccines in the United States is now underway, and yet we continue to witness high levels of community spread of the virus in Los Angeles County. We are hopeful that with adherence to public health protocols in our communities we will slow and then reverse the rate of spread across the region. In the meantime, we hope that all of you and your families are safe and healthy.

As we move ahead with our planning for the spring, we are reaching out to gather some additional information from our families. We are working hard, under the guidance of our Medical Advisory Board and in accordance with Los Angeles Public Health directives, to resume on-campus programming as soon as it is safe to do so.

**We will make an official determination regarding the next time module and notify you on January 25. The next module runs between February Break and Spring Break.**

In the meantime, we will continue to plan for various scenarios, from a full on-campus program, to limited day only instruction, to remaining fully online for our academic program. To assist with this ongoing planning, we ask all families to fill out [this survey](#) with updated information.

Given the latest trends in Los Angeles County, we are putting a hold on our on-campus sports conditioning activities. We will reach out to let you know when we can resume this programming.

Please do not hesitate to contact us with any questions or concerns.

Sincerely,

Taylor Stockdale  
Head of Schools

Theresa Smith  
Associate Head of Schools

**NOTE: Students within a one-hour drive of campus should sign up for academic resource pick up for the second semester.** We will be offering **contactless free pick on January 15 and January 16.** [Please sign up here](#) and reach out to Dr. Mark Dzula, Director of Teaching & Learning Resources, with any questions or concerns.
